

If group interaction is appropriate for your child, come to the  
**LANGUAGE ENHANCEMENT GROUP**  
at **SPEECH & LANGUAGE STIMULATION CENTER.**

The **LANGUAGE ENHANCEMENT GROUP** allows young children to learn language through natural interactions with peers guided by a speech therapist with expertise in early childhood education and speech-language development.

---

**Features of the LANGUAGE ENHANCEMENT GROUP at SLSC include:**

- ◆ Children learn and practice functional language skills with peers
  - ◆ Speech-Language therapist provides developmentally appropriate materials and activities to achieve outcomes specified for your child's needs
  - ◆ Small group therapy (4:1) provides an environment to elicit participation and communication from each child
  - ◆ Parents learn strategies to facilitate communication with their child
-
